

Pascal Schelbli

After he graduated as a graphic designer back in 2007, he discovered his fascination to the motion pictures. He collected a lot of experiences in the fields of Motion Design, Visual Effects and Animation in the following years afterwards. He had the opportunity to direct several image films and different broadcast opener for the swiss national television as well. Addicted to telling stories with computer generated images, he started his studies at the Institut of Animation at the renowned Film Academy Baden-Württemberg, which he successfully finished with his diploma film „The Beauty“ in 2019.
